

DeKalb County Airport

Indiana's Airport of the Year

DeKalb County Board of Aviation

Project Updates:

- ⇒ The corporate row sewer spur is complete and we anticipate that the A-hangar will tap into it shortly. Future corporate hangars will also be able to tap into this line making the area more development ready.
- ⇒ The D-row of T-hangars will soon be gone. Demolition started two weeks ago and at this point the hangar is completely gutted. The contractor is attempting to salvage all he can so the project is taking longer than anticipated.
- ⇒ Pavement maintenance was pushed back several weeks due to the wet start we had this spring but you will see personnel and equipment on the Airport by June 16th. Please use caution and announce your taxi intentions so that management can help to route you around construction activities.

Celebrating Solo Flight:

Steve Burner
1st Solo 5/22/08
